

Oxygen Forensic® All-Access Training Pass

The Oxygen Forensic® All-Access Training Pass (AATP) gives subscribed customers access to all available training courses for one low price*.

AATP includes access to:

- 3-day Oxygen Forensic® Boot Camp (OFBC) course
- 3-day Oxygen Forensic® Advanced Analysis (OFAA) course
- 3-day Oxygen Forensic® Extraction in a Box (XiB) course
- 1-day Oxygen Forensic® Drone Analysis (OFDA) course
- 1-day Oxygen Forensic® Cloud Extraction (OFCE) course
- 1-day Oxygen Forensic® Detective Viewer (OFDV) course

Note - The OFBC course must be taken first, as it is a prerequisite.

As part of the curriculum and courses, an eManual is provided. In order to receive updates to this eManual, students need to purchase an Annual eManual Subscription. This subscription allows students to access eManual updates throughout the subscription period. Please note that subscriptions are limited to one person. View the eManual demo [here](#) or scan the QR code.

*Our flagship software, Oxygen Forensic® Detective, is updated every 2 months. This pass offers unlimited access to training courses, so the more courses you attend, the more you save, and the more up to date you are on the software.

**To enroll in the AATP, email us at sales@oxygen-forensic.com
or contact your Sales Representative directly**
