

OXYGEN FORENSICS

At Oxygen Forensics, we take great pride in our innovative and high quality products. We understand there are many digital forensic tools in the market and deciding on which is the best option can be a difficult task. That's why we wanted to walk you through our offerings compared to our competitor in hopes of making that decision a bit easier for you.

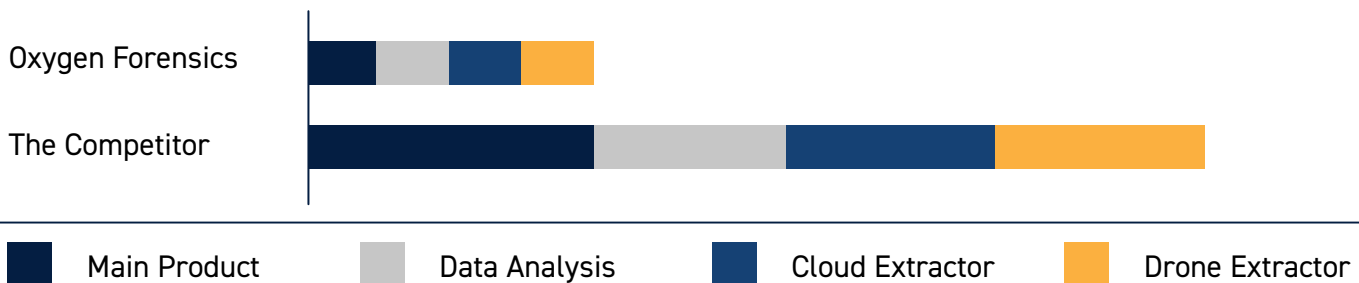

Capabilites

■ Oxygen Forensics ■ The Competitor

While Oxygen Forensic® Detective possesses capabilities that the competitor doesn't, that isn't the most notable difference.

License Pricing

The evidence is clear. We provide more tools and functions in one product, than our competitor does in their entire catalog. Our all-in-one forensic solution, Oxygen Forensic® Detective, provides you with all the extraction, parsing, and exporting capabilities you need to effectively conduct investigations. Not to mention, it is a fraction of the cost of our competitor's leading product.

WE PRESENTED THE DATA. NOW IT'S YOUR TIME TO CHOOSE!
